Building Permit Valuation

The building permit fee charged to build a new building, to add on to an existing building, to remodel or to alter an existing building shall be based on the declared valuation of the proposed work. For one- and two-family dwellings only, the value of \$60.00 per square foot of total area under roof shall be used to determine the valuation for the purpose of computing permit fees in accordance with Table 1-A. The Building Official may require the applicant to verify the declared value. The building permit fee shall be calculated based upon figures from Table 1-A."
